

## A Place That I Love

Sylvia Merle Green/LeeMike Music/BMI

### Verse I

You've been worrying about me since I took my last breathe  
And I guess I knew you would be  
But, don't forget you made plans to see me again.  
Dry your eyes  
Rest peaceful until then

### Verse II

Today, I went walking by the river of life  
You know I've never felt such peace  
And, then I talked with Jesus and I praised Him for a while  
I can't wait for you to see His smile.

### Chorus

You know I'm happy, I'm free  
There's nothing to worry me  
I'm finally home where I've longed to be  
So cry if you need to  
Miss me if you must  
But don't worry about me  
I'm in a place that I love

Don't you worry about me  
I'm in a place that I love

So, cry if you need to  
Miss me if you must  
But don't worry about me  
I'm in a place that I love

Today, I talked with Jesus  
I'm in a place that I love.
