

Just Stand

Ricky L. Tolson/RiverGlo Music/BMI

Verse I

When your faiths been tried and you're feeling weak
And you're holding on with your last ounce of strength
Don't give up and don't give in
Just hold on to God's Word and just stand

Chorus

Just stand when you've done all you know to do
Just stand and he'll stand there by you
Just be still and see the hand of God move
Just stand and he'll stand by you

Verse II

Well we've all had troubles and we've all had fears
And we've all had those moments where we held back the tears
But there's something special in your darkest hour
For it's there in your weakness, that you find Gods power

Chorus

If you'll just stand when you've done all you know to do
Just stand and he'll stand there by you
Just be still and see the hand of God move
Just stand and he'll stand by you
