RE: Recommendation for RESTORATION

To Whom It May Concern:

For anyone to say that the singing group RESTORATION is just another Southern Gospel Singing Group is not correct. This newly founded group is one of the most God-anointed and Spirit filled singing groups for today. The group has sung in our local church and in our Annual Virginia Southern Gospel Jubilee with great response from the people in each concert. Every member of the group is professional, spiritual and well mannered.

Today, it is hard to find gospel singing groups that live and believe in what they sing. I believe that each member of RESTORATION lives a committed Christian life and I am proud to call them my friends. I highly recommend this group for special events, revivals, homecomings, youth gatherings, church services, and etc.

If you have any further questions, please feel free to contact me at 540-261-2556.

Awaiting His Return,

Pastor Larry Clark
