

When I Could Not Pray

Michael Frost/LeeMikeMusic/BMI

Verse I

There was a time, in my own life
I didn't know how to pray
My heart was so heavy and my mind was so troubled
As I tried to make my own way
Lord I know there must have been others
Who stood in the gap for me
For you did not forget me and you kept me safe
When I couldn't get on my knees

Chorus

Lord thank you for those who lifted me up
When I Could Not Pray
If it wasn't for the power of prayer
I don't know where I'd be today
Lord you've showed me how much you care
When I didn't have a prayer
So Lord bless those who called out my name
Even when I could not pray

Verse II

There have been times as I knelt to pray
When it was hard to find the words
I'd be down on my knees with my head bowed low
And it seemed my prayer was not heard
But Lord I've learned to trust you
When these burdens won't set me free
You always know when I need intervention
Yes someone has prayed for me

Repeat Chorus
